PRODUCT-DETAILS

73091H

73091H Systevo Audio Switch

General Information

Extended Product Type	73091H
Product ID	2CSH254065R2008
EAN	8012542540656
Catalog Description	73091H Systevo Audio Switch
Long Description	Systevo Audio Switch for providing of either the TV audio tone, using the audio Interface Bus (AI-Bus), or the incoming intercom signal, using the room audio bus (R-Bus), to the bed units. Support of up to 3 bed units with 1 TV set. In systems with intercom function the Systevo Audio Switch is required to transmit the discrete TV audio tone to the Systevo Call Smart handset. When an intercom is established, the TV audio is interrupted and the intercom signal is routed to the patient bed. At other bed units, the TV audio tone is still audible. Controlled by a superordinated room controller (IP) via the data bus (DBUS) such as a room terminal or a room electronic module. Upgradable to future system firmware thanks to future-oriented flash memory technology to ensure automated software updates during operation.

Technical

Power Supply Type	Integrated
Model Number	Audio Switch

2024/04/12   Subject to change without notice

Material Compliance

RoHS Status	No declaration needed
REACH Declaration	No declaration needed
Conflict Minerals Reporting Template (CMRT)	9AKK108468A3363

Dimensions

Product Net Width	030.0 mm
Product Net Height	0.050 mm
Product Net Depth / Length	0.050 mm
Product Net Weight	0.040 kg

Ordering

Package Level 1 Units	box 1 piece
Package Level 1 Gross Weight	0.060 kg

Certificates and Declarations

Declaration of Conformity - CE	No document needed

Installation

Instructions and Manuals	No document needed
