

PRODUCT-DETAILS

IDFIX-R

IDFIX-R Pluto identifier

General Information	
Extended Product Type	IDFIX-R
Product ID	2TLA020070R2000
EAN	7320500410813
Catalog Description	IDFIX-R Pluto identifier
Long Description	Identifier, read only, for assigning an address to the Pluto it is connected to. Each Pluto connected to the Pluto safety bus needs an IDFIX. The IDFIX number is fixed at delivery.
	IDFIX is an identifier circuit which gives each Pluto an address on the bus. It contains an identification code which can be read by the system. The identification code is declared in the PLC program so that the correct part of the PLC program is executed by each specific Pluto. The use of IDFIX is mandatory in a multi-Pluto project, but voluntary if a unit works alone. If one Pluto in a multi-Pluto project needs to be replaced it is possible to let the new Pluto selfload the PLC program from another Pluto on the bus. The IDFIX will ensure that the new Pluto has the correct address on the bus.

Ordering	
Minimum Order Quantity	1 piece
Customs Tariff Number	8544429090
Product Main Type	Pluto accessory
Product Name	Pluto identifier
