| Catalog Description   | DS202CR C10 AC300 Residual Current Circuit Breaker with Overcurrent Protection  |  |
| Long Description      | The DS202CR series RCBO is a 2P in two-modules device for the protection of end user single-phase circuits against overload and short-circuit currents. Protection against the effects of sinusoidal alternating and direct pulsating earth fault currents. Protection against indirect contacts and additional protection against direct contacts. |  |
