PSE72-600-70 1/5

PRODUCT-DETAILS

PSE72-600-70 PSE72-600-70 Softstarter - 72 A - 208 ... 600 V AC

General Information	
Global Commercial Alias	PSE72-600-70
Extended Product Type	PSE72-600-70
Product ID	1SFA897107R7000
ABB Type Designation	PSE72-600-70
EAN	7320500400654
Catalog Description	PSE72-600-70 Softstarter - 72 A - 208 600 V AC

Long Description

The softstarter PSE72-600-70 has a rated maximum operational current of 72 A with an operating voltage span from 208...600 V AC. The rated control voltage is between 100...250 V AC at 50/60 Hz. PSE features a two-phase control with a soft start and stop through a voltage or a torque ramp. It has built-in bypass for easy installation and energy saving. A RUN, TOR, and Event signal is available from a relay output in NO (normally open state). The PSE has functions such as current limit, kickstart, analog output, EOL, underload, and locked rotor protection. To interact with PSE, it has an Illuminated display that uses symbols to become language neutral. As an option, you can add an identical external keypad with a rating of IP66. There are three ways to communicate with PSE. It can be done by hardwire inputs Start/Stop or by Reset of fault. Another popular option is the built-in fieldbus communication Modbus RTU. You can also use an external adaptor and a Fieldbus plug. PSE is a true general pur-pose softstarter. It's a perfect balance be-tween high starting capacity and cost effi-ciency. Very suitable for small to medium-sized three-phase motors with nominal currents from 18...370 A. Typical applications are, for example, pumps, fans,
