

PRODUCT-DETAILS

## **S752DR-E50** S752DR-E50 Selective Main Circuit Breaker

| General Information   |  |
|-----------------------|--|
| Extended Product Type | \$752DR-E50  |
| Product ID            | 2CDH782010R0502  |
| EAN                   | 4016779879422  |
| Catalog Description   | S752DR-E50 Selective Main Circuit Breaker  |
| Long Description      | Selective main circuit-breakers of the S 750 DR series are SMCBs based on DIN VDE<br>0641-21 with voltage-independent operating principle. This means that they do not<br>rely on a control circuit to make or break contact (SHU) and are therefore particularly<br>suitable for use in energy distributionsystems with maximum availability<br>requirements. They offer total selectivity to downstream MCBs and outstanding<br>selectivity to upstream protective devices due to unique current limiting selectivity. |

| Technical                |                              |
|--------------------------|------------------------------|
| Standards                | IEC/EN 60947-2               |
| Tripping Characteristic  | E (Selective)                |
| Suitable for Isolation   | Yes                          |
| Rated Operational        | 400 V AC                     |
| Voltage                  | acc. to IEC 60947-2 400 V AC |
| Rated Insulation Voltage | acc. to IEC/EN 60664-1 690 V |
