Technical data

Voltage	24 Vdc
Maximum consumption	0.55 A
Max. cable section for clamps	0.8 mm ²
Operating temperature	(-10) – (+55)°C
IP degree of protection	IP30
Maximum relative humidity	93%

Warnings and consumer rights

Read carefully before use and keep for future reference

Touching the units with wet hands is forbidden
Using liquid cleaners or aerosols is forbidden
Blocking the ventilation openings is forbidden
Modifying the devices is forbidden
Removing protective parts from the devices is forbidden
Installing the units near liquids and powders is forbidden
Installing the units near heat sources is forbidden
Installing the units near harmful gases, metal dusts or similar is forbidden
Fastening the units on unsuitable surfaces is forbidden

Danger of electrical shock

Risk of devices falling because the surface on which they are installed collapses or inappropriate installation
Switch the power supply OFF before any work on the system

Caution: Installation, configuration, starting-up and maintenance must be performed exclusively by qualified personnel.

Check that the wall installation has been carried out correctly
Lay out the wires respecting the standards in force
Connect the power supply wires as indicated
Use only the items indicated in the technical specifications for any system expansions

Remote operation may cause damage to people or property.

Hereby, BTicino S.p.A., declares that the radio equipment type Indoor unit with camera 10" - 373001 / Indoor unit 10" - 373003 is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: www.bticino.it/red
