

PANNELLO SUP.CONSOLE, 500X1000

CATALOG NUMBER

MPPS101

Un pannello in acciaio inossidabile per una consolle in lamiera d'acciaio è un'alternativa economica a una consolle in acciaio inossidabile completa in determinati ambienti. Ad esempio, un pannello in lamiera d'acciaio si deteriorerebbe rapidamente se gli operatori fossero esposti ad agenti chimici e li trasferissero sulla consolle durante gli interventi e la manutenzione.

FEATURES

Descrizione: Per la sostituzione di pannelli standard su sezioni superiori MPC(S) dove è necessaria inalterabilità o resistenza alla corrosione.

Materiale: Acciaio inoxpre-satinato AISI 304 da 2 mm.

Finitura: Acciaio inox pre satinato 400.

This is especially important in industries where the operators are exposed to chemical agents and may transfer them onto the panel during operation

The panel can only be mounted on top consoles, MPCXX1R5

For replacing the standard panel on MPC top section units where high corrosion resistance is required

PRODUCT ATTRIBUTES

Height: 26 mm

Width: 1000 mm

Depth: 484 mm

Material: Stainless Steel 304

Finish: Brushed

Color: Unpainted
