

PROFILI COP. FRONT., 2000X600

CATALOG NUMBER

MSFCP2006R5

The mild steel frame for front panels, MSFCP, is a flexible solution that allows for the creation of a customized power distribution enclosure with plain and/or slotted front panels. The frame enhances both the aesthetics of the enclosure as well as operator safety.

FEATURES

Descrizione: Front frame built up by two vertical and two horizontal profiles. To be covered by front panels MSMBP or MSMCP.

Materiale: 1.5 mm galvanized steel.

Finitura: RAL 7035 structured powder coating.

Fornitura: 2 vertical profiles, top and bottom profiles, and mounting material.

The frame provides customers with a flexible solution, as it can be adapted especially for their components using both plain and slotted cover plates

The plates ensure that both modular and non-modular components can be installed into the same enclosure

The frame improves the aesthetics of the enclosure while providing a safe solution for operators, even when the external door is open

Plain (MSMBP) and/or slotted (MSMCP) front panels must be mounted, in order to completely cover the front of the frame
