Cassette tipo EU6 e Piastre di fondo

Box type EU6 and Mounting plate

made in Italy CE RoHS

Settori di Impiego / *Areas of application*

infrastrutture / infrastructure · bordo macchina / machines board · energia / energy · chimico farmaceut. / chemical and pharma · terziario e servizi / service industries · alimentari / food industry · ferroviario / railway industry · marino / maritime industry · industriale / industrial

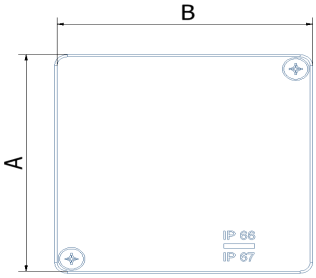

DESCRIZIONE / *DESCRIPTION*

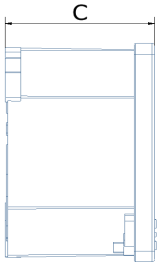

Cassette metalliche per l'installazione, l'interruzione, la connessione ed il controllo di apparecchiature elettriche ed elettroniche. Inoltre, sono resistenti a invecchiamento, olii e combustibili. Le cassette sono fornite con terminale di terra sia nel contenitore che nel coperchio e viti imperdibili.

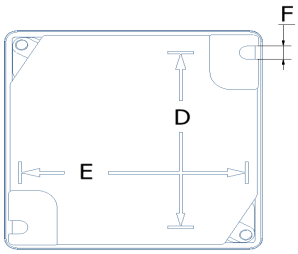

Metal enclosures for installation, interruption, connection and control of electrical and electronic devices. Furthermore, they are resistant to aging, oils, greases and fuels. The enclosures are supplied with the eartyhing screw both in the cover and in the enclosure itself and with captive screws.
