Caratteristiche prodotto

- The Granit SylSmart Sensor SSC KIT is a wireless PIR and lux sensor for highbay applications for use with SylSmart Standalone solutions and products. Designed for motion detection up to a maximum of 17m (optimal 12m) and offers wireless sensing thus removing the need for additional cabling. Can be easily configured using the SylSmart Standalone app at any time. Suspension mounted design and IP65 seal makes this the ideal warehouse, logistics and industrial accessory to your SylSmart standalone solution. Comes complete with brackets and suspension wires to be mounted on Granit 0-10V luminaires to be equipped with SylSmart SCC module (0039610).
