ASSORTMENT

BLUTAV-01	VANDAL RESISTANT TOILET WITH COVER	BLUTAV-02	VANDAL RESISTANT TOILET WITHOUT COVER
-----------	------------------------------------	-----------	---------------------------------------

SPECIFICATION ITEM

BLUTAV is the universal toilet seat, conceived and designed for toilets in places open to the public and with high turnout.

Its full-section stainless steel hinge integrated into the seat, its universal fixing system and its special plastic composition make it THE ONE SEAT that is vandal-proof.

Ideal for all public places, especially those that do not want to give up the lid or the neat design but want to permanently solve the problem of continuous maintenance and replacement of toilet seats. It is recommended for toilets in hotels, restaurants, shopping centres, airports, hospitals, kindergartens and other public places.

ALSO AVAILABLE IN A VERSION FOR DISABLED PEOPLE AND WITH ANTIBACTERIAL ADDITIVE

TECHNICAL SPECIFICATIONS

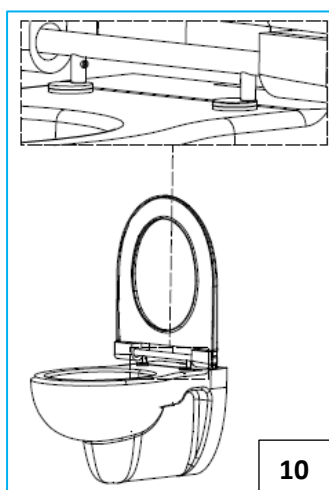

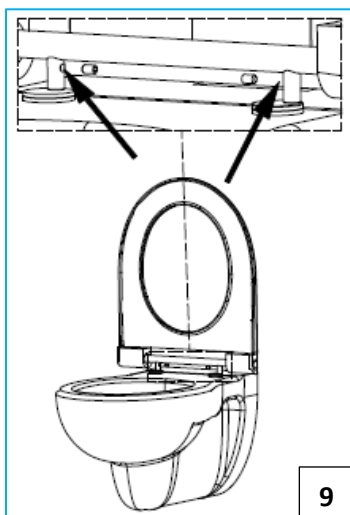

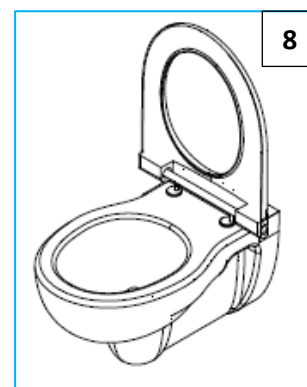

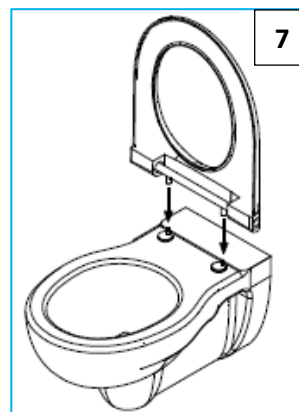

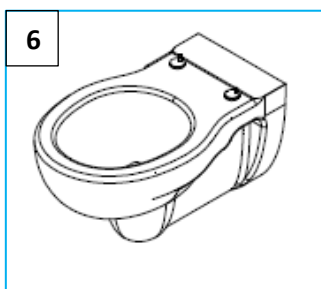

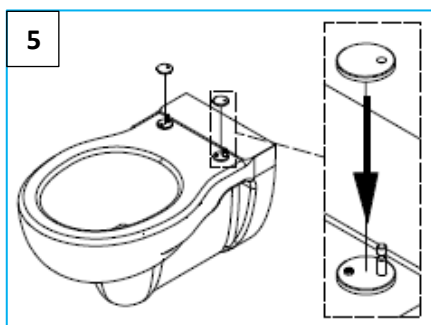

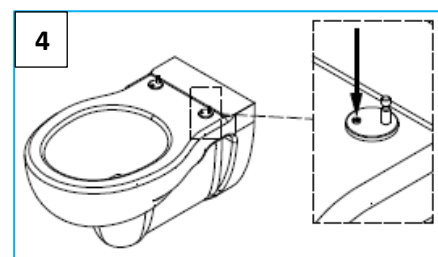

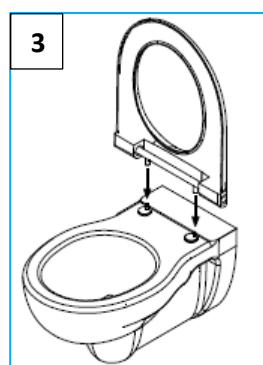

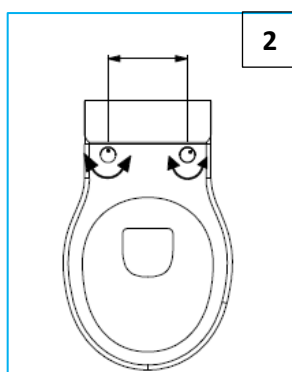

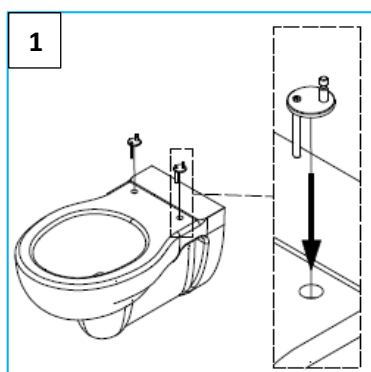

design	effective against liquid stagnation
fastenings	safe, guaranteed tightness over time
hinge material	stainless steel
seat material	n.a.
size	see figure above

BLUTAV

ANTI-VANDAL TOILET SEAT

INSTALLATION

- 1 Insert fixing systems (FITTINGS supplied for blind hole and through-hole 'pot');;
- 2 Adjust the 'eccentric' fixings to the compatible toilet bowl;
- 3 Ensure that the centring between seat (hinges) and toilet is correct before tightening the fixings;
- 4 Secure fixings with the provided screws;
- 5-6 Insert cover fixings;
- 7-8 Insert the seat hinges into the previously installed fixings;
- 9-10 Screw the threaded pins into the appropriate slots and tighten properly.

CLEANING AND MAINTENANCE

Clean surfaces with a soft cloth (microfiber, no abrasive products) and neutral cleaning agents or denatured alcohol.
