

## SCHEMA TECNICA DEL PRODOTTO / TECHNICAL DATA PRODUCT

### PRESA SATELLITARE TV / SAT TV PLUG 00242

#### CARATTERISTICHE GENERALI / GENERAL CHARACTERISTICS

|                                              |                                    |
|----------------------------------------------|------------------------------------|
| Codice / Code                                | 00242                              |
| Prodotto / Product                           | Presa satellitare Tv / Sat TV plug |
| Collezione / Collection                      | WHITE ITALY                        |
| Quantita' per imballo / Quantity for packing | 1                                  |
| Grado di protezione / Degree of protection   | IP20                               |

#### CARATTERISTICHE PRODOTTO / PRODUCT CHARACTERISTICS

|                                   |                                                         |
|-----------------------------------|---------------------------------------------------------|
| Materiale calotta / Mat. Cap      | Porcellana / Porcelain                                  |
| Materiale base / Mat. Base        | Porcellana / Porcelain                                  |
| Materiale modulo / Mat. Mechanism | PBT                                                     |
| Finitura / Finishing              | Smalto lucido trasparente / Glaze lucid and transparent |

#### CARATTERISTICHE MODULO / MECHANISM CHARACTERISTICS

|                                       |                                            |
|---------------------------------------|--------------------------------------------|
| Frequenza / Frequency                 | 5 - 2400 Mhz                               |
| Connettore ingresso / Input connector | Tipo F (femmina) / F type (female)         |
| Connettore uscita / Output connector  | Femmina IEC ø 9.5 mm / IEC female ø 9.5 mm |

#### SPECIFICHE DI CAPITOLATO / SPECIFICS OF CAPITULATE

|                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                            |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Presa tv tipo SAT in porcellana.<br>Il componente è formato dalla calotta in porcellana (organo meccanico) e dalla base in porcellana (parte di sostegno da fissare) con 2 asole per l'inserimento del cavo.<br>Diametro della calotta di 60mm, della base di 62mm e un ingombro dal muro di ca. 60mm. | Coaxial TV connector SAT-type in porcelain.<br>The component is formed by a porcelain part (mechanical body) and a porcelain base (support part to be fixed) with 2 loops for the insertion of the cable.<br>The diameter of cap is 60mm and the base is 62mm; required space from the wall is about 60mm. |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## DIMENSIONI DI INGOMBRO / OVERALL DIMENSIONS

|               |    |
|---------------|----|
| <b>A</b> (mm) | 62 |
| <b>B</b> (mm) | 60 |
| <b>C</b> (mm) | 53 |
| <b>D</b> (mm) | 12 |
| <b>E</b> (mm) | 17 |
| <b>F</b> (mm) | 60 |
| <b>G</b> (mm) | 65 |

### INSTALLAZIONE / INSTALLING

|                                            |   |
|--------------------------------------------|---|
| Viti fissaggio base / Base fixing screws   | 4 |
| Viti fissaggio calotta / Cap fixing screws | 2 |

### COLLEGAMENTI MODULO / MECHANISM CONNECTION

Il modulo all'interno del componente è riportato schematicamente qui accanto. Per funzionare correttamente dev'essere collegato come segue:  
*Here under the drawing of the electrical mechanism. For a correct functionality the mechanism has to be connected like illustrated.*

Connettore tipo F / F Connector
