

A red banner with rounded ends is positioned on the left side of the page. It contains the product name in white, bold, sans-serif text.

DS-DLAI0162-WM
All-in-one LED Wall-mounted Bracket

- Avoids location deviation when install the bracket.
- For flush mounting, there should be enough operation space reserved around the display.
- Reserve 50 mm on the left, right, and top sides of the display, and reserve 100 mm at the bottom side of the display.
- The bracket should be installed on an even load-bearing wall or on a steel structure.
- The bracket is a specialized modal that fits corresponding all-in-one display only.
