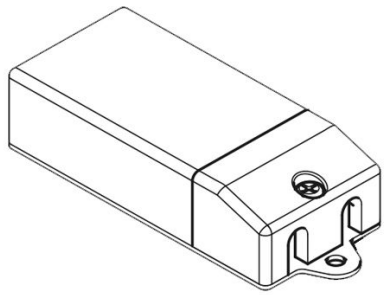
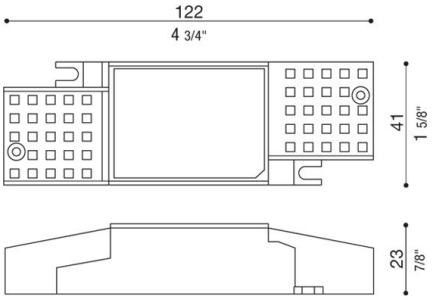
LB1070076



Informazioni tecniche:

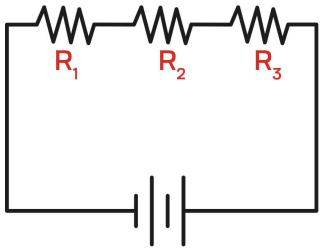
Brand	KGP
Codice referenza	CC15W500-700CG Triac
IP	20
Potenza di uscita	10W
Tensione nominale in uscita DC (a carico)	12-20V
Corrente nominale di uscita	500mA
Range di tensione in ingresso	220-240V
Frequenza	50/60Hz
Fattore di potenza (λ)	0,92
Interruttore magnetotermico B10 - C10 - B16 - C16	/ - / - 22 - 36
Specifiche	TRIAC

Dimensioni



LED Controlgear Constant Current

Collegamento in serie



Attenzione!!

Prima di connettere l'alimentatore alla rete assicurarsi di aver collegato i LED sul secondario. In caso contrario la lampada potrebbe non accendersi.
