

Electrical features

Maximum operating current ($\leq 440V$)	A	10
---	---	----

Components

Starter enclosure standard supplied	M0PA
Contactor standard supplied	BG0910A
Thermal relay to purchase separately	RF9...

UL technical data

UL degree of protection	Type 1, 12K, 4, 4X
-------------------------	--------------------

Mechanical features

Weight	g	667
--------	---	-----

Ambient conditions

Operating temperature	min	°C	-25
	max	°C	+60
Storage temperature	min	°C	-40
	max	°C	+70

Resistance & Protection

IEC degree of protection	IP65
--------------------------	------

ETIM classification

ETIM 8.0	EC001037 - Motor starter/Motor starter combination
----------	--
