

Electrical features

IEC Maximum continuous voltage U_c	V	180
IEC Impulse current I_{imp} 10/350 (L-N/N-PE)	kA	7.5
IEC Maximum discharge current I_{max} 8/20 (L-N/N-PE)	kA	20
IEC Rated discharge current (IEC) I_n 8/20 (L-N/N-PE)	kA	10
IEC Voltage protection level U_p (L-N/N-PE)	kV	<250
Thermal insulation protection		YES

Ambient conditions

Operating temperature	min	°C	-40
	max	°C	+80
Max altitude	m		2000

Mechanical features

Fixing		On plate
Conductor section Flexible max (IEC)	mm ²	2.5
Conductor section Rigid max (IEC)	mm ²	2.5
Weight	g	150

Relay output for remote status indication

Type of contact	CO		
Rated current at			
	125V AC	A	3
	250V AC	A	0.5
	125V DC	A	0.2
	250V DC	A	0.1

Dimensions

Wiring diagrams

Certifications and compliance

Compliance

IEC/EN/BS 61643-21

ETIM classification

ETIM 8.0

EC000941 -
Surge protection
device for power
supply systems
