## P19

| Code       | Kg | mm   | n.barra - n.profiles |
|------------|----|------|----------------------|
| <b>P19</b> | 6  | 1000 | 3                    |

Profili lineari in gesso, realizzati in Italia con materiali naturali minerali e vegetali.

Made in Italy plaster linear profiles realized with natural mineral and vegetable materials.

Systèmes linéaires en plâtre produits en Italie avec matériaux minéraux et végétaux.

Lineare Gipsprofile, in Italien hergestellt mit mineralischen und pflanzlichen Materialien.

Profilo prefinito in gesso per installazione a parete, effetto bi emissione. Elemento completo di profili di alluminio per applicare tre strisce LED. Chiusure laterali da effettuare durante il montaggio.

Lighting system designed to be wall mounted, for a bi-emission effect. Plaster structure supplied with aluminium profiles for LED strips mounting. Lateral finishing touch to be realized during mounting.

Système non-fini en plâtre, pour installation au mur, effet bi-émission. Fourni avec trois profils en aluminium préconisés pour coller le ruban LED. Finitions latérales à compléter pendant la pose.

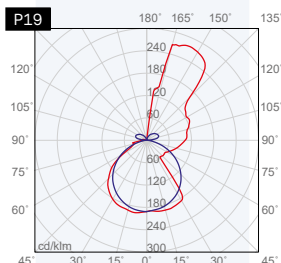

Vorgefertigtes Gips Profil für Wandmontage, Bi-Emission. Mit Aluminiumprofil geliefert, für drei LED Lichtbänder. Seitenverschlüsse während der Montage zu vervollständigen.

Striscia LED da ordinare separatamente.

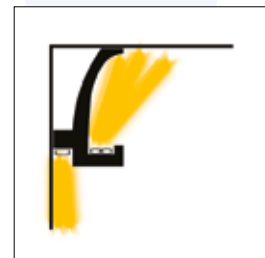

LED strip to be ordered separately.

Ruban LED à commander separemment.

LED Lichtband separat zu bestellen.

P19 + 2xBARRA/STRIP/3E + 2x70091/C + BARRA/STRIP/10 + 80100/C
