

# Mini-Com™ 45mm × 45mm Adapters and Adapter Kits

## specifications

45mm × 45mm adapters shall be available in various ports and style configurations including spring-shuttered doors that protect connectors from dust and debris when not in use, and a sloped design for bend radius control. Adapters shall be compatible with standard 45mm × 45mm openings. Mounting tabs allow adapters to mount sideways when required. All adapters shall accept Mini-Com™ Modules for copper, fibre, and audio/video installations.

## technical information

<b>Mounting options:</b>	Adapters snap into standard 45mm × 45mm faceplate openings
<b>Number of ports:</b>	1-port and 2-port configuration
<b>Packaging:</b>	Adapter kits include CBAFW plus the designated insert; select kits include labels and label covers. Adapters include a dedicated single piece product; select adapters include labels and label covers

## key features and benefits

<b>Modular</b>	Accepts all Mini-Com™ Modules, which snap in and out for easy moves, adds, and changes
<b>Shuttered feature</b>	Select adapters include spring-shuttered doors to prevent dust and debris from touching contacts when patch cords are not connected
<b>Labels and label covers</b>	Select adapters include a label pocket and icon slots for easy identification
<b>Mounting flexibility</b>	Mounting tabs allow product to securely mount sideways when required
<b>Sloped design</b>	Select adapters are sloped, allowing proper bend radius control

## applications

Panduit™ Mini-Com™ adapters offer an aesthetic solution that complements work areas while offering modularity for installation flexibility. Mini-Com™ Adapters support all Mini-Com™ copper, fibre, and audio/video applications.

As part of a global workstation outlet solution offered by Panduit, Mini-Com™ 45mm × 45mm Adapters mount to select industry standard frames that have a 45mm × 45mm opening.

Panduit 45mm × 45mm adapters and adapter kits offer a variety of features: spring-shuttered doors to protect connections from dust and debris; single- or dual-port density; labelling and icon options; and sloped design for bend radius control.

### Adapter Kits (Frame and ½-Size Insert)

<b>Frame with 2-port flat insert:</b>	CFPFF2AW
<b>Frame with 1-port sloped, shuttered insert:</b>	CFPFS1SAW
<b>Frame with 2-port sloped insert:</b>	CFPFS2AW
<b>Frame with 2-port sloped shuttered insert:</b>	CFPFS2SAW*
<b>Frame with 2-port sloped, shuttered insert with labels:</b>	CFP45LS2SAW

### 45mm × 45mm Adapters (One-Piece Design)

<b>45mm × 45mm frame:</b>	CBAFW
<b>1-port sloped, shuttered with label and icon slots:</b>	CFPFLS1SAW
<b>2-port sloped, shuttered with label and icon slots:</b>	CFPFLS2SAW

### 22.5mm × 45mm Adapter

<b>1-port shuttered:</b>	CFA1FSAW-X
--------------------------	------------

### Modules

All adapters can be used with Mini-Com™ Modules for copper, fibre, or audio/video applications. Visit [www.panduit.com](http://www.panduit.com) for the complete selection. Shuttered adapters are not suitable for use with any audio/video or fibre connector module that protrudes beyond the face of the insert.
