| Profondeur utile             | 17 mm                                                                                                                                                                                                                                                                                                                                                                    |
| Remarque                     | In line with our commitment to sustainability, our wiring plan<br>lecterns are manufactured using recycled plastic. This may result in<br>small dark spots on the surface – a typical characteristic of<br>recycled materials. These do not affect the quality or functionality of<br>the product and emphasize our dedication to environmentally<br>friendly solutions. |
