

Product End of Life Instructions

PanelSeT SFN : Floor standing modular decarbonized steel

 **Potential disassembly risks**

⚠ CAUTION

HAZARD OF PARTS WITH SHARP EDGES

Apply appropriate personal protective equipment (PPE) during disassembly.

Failure to follow these instructions can result in injury.

There are several steps to process the products at the end of life so as to recover components, materials or energy :

Reuse --> Depollution --> Dismantling --> Shredding
To disassemble the handle cover, follow the Instruction Sheet

[\(link\)](#)

 **End of Life Instructions**

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be dismantled	1	Steel parts	117562	Every part but the handle cover and plastic caps
To be depolluted	2	Plastic parts	648	Handle cover and plastic caps

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	The main purpose of the PanelSeT SFN Enclosures is to protect electrical equipment of low-voltage switchgear and control gear assemblies.
Product reference	NSYSFN20860P
Total representative product mass	120000 g
Representative product dimensions	2000mm x 800mm x 600mm
Accessories	See UE 2025 catalog (link)
Date of information release	07-2025

Additional information

Legal information	The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.	
Recyclability potential	97%	Recyclability rate has been calculated based on REEECYLAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the "ECO'DEEEE recyclability and recoverability calculation method" was taken. If no data was found a conservative assumption was used (0% recyclability).
