Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	The VW3E1143R050 is a 5 meter hybrid cable designed for Schneider Electric's Stainless LXM62-SC005 servo drives. It combines power and signal transmission in a single cable, ensuring efficient, compact, and reliable connectivity for motion control systems. Ideal for industrial environments, especially where space and durability are critical.

Total representative product mass	378,5 g
Representative product dimensions	5 meter
Date of information release	02/12/2025

Additional information

Legal information

This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Recyclability potential

22% The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECYLAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
