

Product End of Life Instructions

KNX HIGH BAY PRESENCE DETECTOR

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	PCBA - 1	11.2	Including all soldering parts
To be depolluted	2	PCBA - 2	11.4	Including all soldering parts

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	The KNX High Bay Presence Detector is designed to automatically switch lights ON and OFF. It uses pyro sensors to detect the invisible heat emitted by moving objects such as people or animals. This heat is electronically converted into a signal that controls the connected load (e.g., a light) via the KNX system and its settings. A built-in red LED also lights up to indicate detection.
Product reference	MTN6354-0019
Total representative product mass	170.3 g
Representative product dimensions	78 mmx 125mm x 160mm
Accessories	No
Date of information release	07-2025

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
In case of special transportation: transportation method	No
Recyclability potential	1% The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECYLAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
