LBT9037

Posizionare i connettori rispettando i colori secondo lo standard EIA TIA 568A oppure 568B così come riportato sul coperchietto.

Caratteristiche

- Cablaggio senza attrezzatura: facile e veloce da installare.
- In caso di errore di connessione non è necessario sostituire il jack, che può quindi essere riutilizzato.
- Compatibilità con lo standard di installazione "keystone".
