

Air conditioner

Thermal regulation

clima_013_a_1_cat

Front-mounted air conditioner

clima_014_a_1_cat

Roof-mounted air conditioner

The solution for

- > Automation equipment
- > Electrical distribution

Strong points

- > TÜV - IP54

Conformity to standards

- > EN 60204-1
- > DIN 3168

Available on request

- > Alarm using thermostat
- > Alarm for obstructed filter
- > Semiflush assembling frame
- > Other colours
- > Customised dimensions
- > Stainless steel enclosure
- > Specific cooling powers
- > Specific voltages and frequencies

Function

SOCOMEK air conditioners ensure the proper air cooling inside the cabinet, in premises with temperatures up to 50 °C.

General characteristics

- Cooling fluid R134A without CFC.
 - Sheet metal enclosure - colour RAL7035.
 - Fan mounted on foam tape with built-in thermal protection.
 - Metallic filter on the inlet of the external air circuit.
 - Low maintenance system from 500 W as filter maintenance is not required.
 - Condensation evaporation device from 500 W on.
 - Safety pressure controller on air conditioner from 1400 W.
 - Regulation by thermostat pre-set at 35 °C.
 - Separation of inlet and outlet air circuits.
- **Range**
 - 5 models from 330 to 2700 W.

Standard equipment

- Self adhesive seal.
- Assembling and maintenance user's guide.
- Drilling template.
- 3 meter power supply cable.
