MILANO

UL version

FALKLAND sospensione
Bruno Munari
1964

MADE IN ITALY

Diffusore in maglia elastica tubolare bianca, struttura in alluminio naturale.

Le due nuove versioni di Falkland, lampada icona del nostro tempo, sono l'interpretazione di una primitiva idea di Munari che era quella di realizzare Falkland a metraggio.

Elastic fabric diffuser, white tubular, natural aluminium structure.

The first idea of Bruno Munari was to make FALKLAND by meter: today this is possible thanks to new versions added to the classical solution of 165 cm in height.

The two new versions of FALKLAND are 85 and 53 cm tall.

FALKLAND FAMILY:

Bruno Munari

Bruno Munari nasce a Milano nel 1907, inizia giovanissimo l'attività artistica nell'area culturale del Futurismo. Svolge un'eccentrica attività di art director, pubblicitario, illustratore. Nel dopoguerra inizia l'attività progettuale disegnando prodotti, allestimenti e soprattutto giochi per bambini.

Bruno Munari was born in Milan in 1907, he began artistic work at a very early age in the cultural area of Futurism. At the same time he pursued various activities – art-director, publicist, illustrator. After the war he began work designing products, lay-outs and above all toys for children.
