Strain relief housing WINSTA® MINI 2-pole

The strain relief housing from the WINSTA® MINI product line is the sophisticated solution for trouble-free installation. You can rely on the level of quality of WINSTA® components from WAGO for your electrical installation accessories too. Thanks to its particularly compact dimensions, our WINSTA® MINI Pluggable Connection System with Push-in CAGE CLAMP® spring pressure connection technology is especially suitable in very restricted spaces, i.e., for connections when very little room is available. The strip length is 17.5 mm.

WINSTA® MINI solutions for your electrical installation – maintenance-free

The WINSTA® Pluggable Connection System is ideally tailored to the very strict requirements of building installation. It makes electrical installation plug-gable, and therefore faster, even more reliable, and error-free. Use of this pre-assembled system decreases time spent on assembly and installation errors at the construction site. Now you can also lower installation costs without compromising safety and quality: The WINSTA® MINI accessory reduces the need for servicing and prevents unnecessary downtime.

- consistent IP40 protection
- convenient installation and commissioning
