

Strain relief housing *WINSTA*® MINI 2-pole

With the strain relief housing from the *WINSTA*® MINI product line, zero-defect installation is guaranteed. You can rely on the quality of *WINSTA*® components from WAGO for your electrical installation accessories too. Due to its particularly small dimensions, our *WINSTA*® MINI Pluggable Connection System with Push-in CAGE CLAMP® spring pressure connection technology is very suitable in very restricted spaces, i.e., for installations when very little room is available. The strip length is 17.5 mm.

Lower costs through fast commissioning and elimination of service expenses – solutions from *WINSTA*® MINI

The *WINSTA*® Pluggable Connection System is perfectly tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and therefore faster, more reliable, and error-free. Use of this pre-assembled system reduces assembly times and errors during installation at the construction site. Now you can also reduce installation costs without compromising safety and quality: The *WINSTA*® MINI accessory reduces the need for servicing and prevents unnecessary downtime.

- consistent IP40 protection
- convenient installation and commissioning
