Mounting accessories WINSTA® MINI

When using the mounting accessories from the WINSTA® MINI product line, straightforward electrical installation is guaranteed. You can rely on the quality of WINSTA® components from WAGO for your electrical installation accessories too. Thanks to its particularly compact dimensions, our WINSTA® MINI Pluggable Connection System with Push-in CAGE CLAMP® spring pressure connection technology is very suitable in very restricted spaces, i.e., for connections when very little room is available.

WINSTA® MINI solutions for your electrical installation – protected against mismating and maintenance-free

The WINSTA® Pluggable Connection System is perfectly tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and consequently faster, even more reliable, and error-free. Use of this pre-assembled system reduces assembly times and installation errors at the construction site. Now you can also lower installation expenses without compromising safety and quality: The WINSTA® MINI accessory with protection against mismating reduces the need for servicing and prevents unnecessary downtime.

- easy tool-free operation, a wide range of coding options
- convenient installation and commissioning
