Mounting accessories WINSTA® MINI 3-pole

Choose proven accuracy for the installation at your construction site: The mounting accessories from the WINSTA® MINI product line. With WAGO, you get enjoy the advantages of a large selection of accessories for the WINSTA® product line. WINSTA® MINI is our response to the trend toward miniaturisation. Our smallest pluggable connection system is very good for lights, for example, since due to LED technology, these offer much less space for the connection technology.

Push-in CAGE CLAMP® spring pressure connection technology – pluggable installation instead of laborious screw connections!

The WINSTA® Pluggable Connection System is ideally tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and therefore more efficient, even more reliable, and error-free. Use of this pre-assembled system reduces assembly times and installation errors at the construction site. Take advantage of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MINI accessories from WAGO.

- consistent IP40 protection
- convenient installation and commissioning
