Push-in CAGE CLAMP® spring pressure connection technology – pluggable installation instead of laborious screw connections!

The WINSTA® Pluggable Connection System is ideally tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and therefore more efficient, even more reliable, and error-free. Use of this pre-assembled system decreases assembly times and installation errors at the construction site. Now you can also lower installation costs without compromising safety and quality: The WINSTA® IDC accessory with protection against mismatching eliminates the need for servicing and prevents unnecessary downtime.

- saves time, since no wiring is required at the construction site
- quick replacement of defective units during ongoing operation
