General accessory WINSTA® IDC

When using the general accessory from the WINSTA® IDC product line, error-free electrical installation is ensured. You can rely on the level of quality of WINSTA® components from WAGO for your electrical installation accessories too.

Fast, secure pluggable connections – cable assemblies from WAGO

The WINSTA® Pluggable Connection System is perfectly tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and therefore faster, even more reliable, and error-free. Use of this pre-assembled system reduces time spent on assembly and installation errors at the construction site. Choose durability and quality – the WINSTA® IDC accessory from WAGO makes the installation of electrical components noticeably easier.

- saves time, since no wiring is required at the construction site
- rapid, structured electrical installation
